WTC – FOUNDERS THOUGHTS

We just officially finished the 2024 tax filing season now that October 15 has come and gone. What a great first year it was. I am ever so grateful for the patronage of our clients. Thank you for making this a great first year!! I have some exciting news to announce...but I don't want to steal the thunder of the right side of the newsletter so I will direct you over there.

As the holiday's approach (and they will be here before we know it) please take time to reflect on the good things in life and cherish every moment you have with your loved ones.

2024 QUARTERLY ESTIMATES DUE DATES

4th Quarter due January 15, 2025

TAX CHANGES

Be sure to check out our Facebook page, letters, and newsletters for tax update information over the next two months. We are keeping an eye on Congress and the election to see how the tax laws might change. Many elements of the Tax Cuts & Jobs Act (TCJA) of 2017 expire at the end of 2025. If President Trump takes office, he has pledged to make those tax cuts permanent. If Vice President Harris takes the top spot in January, many of those provisions could be allowed to expire as there has been talk about bringing the top individual rate back up to 39.6% and the corporate rate, currently at 21%, to around 25%.

IMPORTANT DATE REMINDERS

If you are a nonprofit organization (and have to file a 990) that return is due by November 15, 2024 if on extension.

Be on the look out for information from our office to help you prepare for the 2024 tax return filing season that starts in January 2025!!
